

God created a very good world

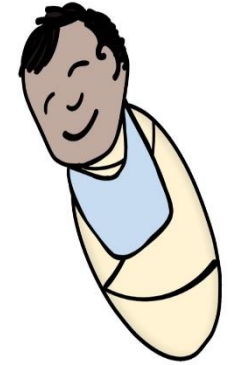

God gave his law to show how people should live

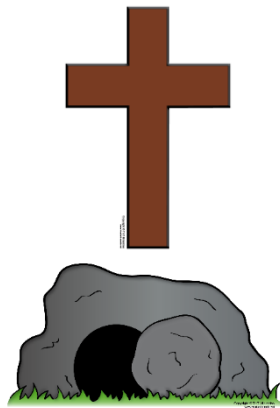

Adam rebelled against God's law at the Fall

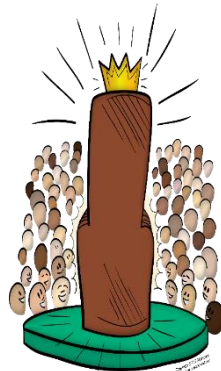

And messed up creation

God sent his son Jesus to pay for the rebellion of anyone who believes in him

Jesus died and rose again

One day Jesus will return and fairly judge us all

All those who broke his law will be punished for eternity in hell

But those who believed in him and had their sins forgiven will live with him forever

In a new world where everything will be perfect
