

#AdventWindows2020

What is Advent Windows?

Advent Windows is an advent calendar - but on a bigger scale! The idea is that for each week of advent and a bit more (1st-26th December) 7 'Advent Windows' will be revealed each week. The windows decorated by members of Christ Church Westbourne, will be in Westbourne and the surrounding area. Each window will be themed on the true Christmas story from the Bible. There will be a trail map (available from christchurchwestbourne.com and the CCW social media accounts) so that people know where to find the windows, and QR codes to look out for on 25 of the windows that can be scanned for interesting and exciting videos!

How long will the windows be lit for?

The windows will be lit between 4:30pm-9:30pm each evening of their week. You may find that some residents light their windows up for longer, but you will definitely find them lit between 4:30pm-9:30pm.

Where do I find the map?

You can view the map of all the windows by visiting <https://www.christchurchwestbourne.com/events>

What if I miss seeing some of the windows?

We know it's a busy time of year... and some are not wanting to be out and about during this time. We will try to share as many pictures of the windows as we can on Facebook and Instagram during advent. Search 'Christ Church Westbourne' or #adventwindows2020 and you'll find us.

This Christmas of all Christmases, we're in need of hope. If the Bible's true, Jesus brings it. But is it true? Why not find out more for yourself—you have nothing to lose, and a lot of hope to gain.

Take a look at our Advent Windows and scan the 25 QR codes to discover a little bit more about Jesus Christ and transform “just another Christmas” into something altogether more special.

We hope you enjoy the advent windows and a very merry Christmas to you from everyone at Christ Church Westbourne!

Details of all our Christmas services will be available from our website as soon as possible at www.christchurchwestbourne.com
